METRO

Hi, I'm Mia Metro and I'm here to introduce you to all my friends! They live in all sorts of different countries and can show you METRO around the world! Ready for a bit of a trip? Come on, then!

Hola, my name is Lucia! I'm from Spain, where we, too, have MAKRO - this is the name of the wholesale stores in a number of countries. We are true foodies.

Which is why our olive oil tastes so fruity. If you're really paying attention, you can even taste almonds in the oil. Try for yourself! Our olive oil is also available at MAKRO because it's of such good quality and, of course, because it tastes so good!

Nǐ hǎo, my name is Lin. We in China know a lot about technology. For example, we developed a program especially for METRO that tells the customers in the wholesale stores where the produce comes from.

This is how we show the customers that everything's fresh! And that's why the fruit at METRO is always so crisp.

Namaste! My name is Nami and I come from India.
We have a lot of small stores here.
We call them kirana stores.

They sell the most delicious and most colourful spices!
A lot of these stores get their supplies from METRO.
Maybe that's why they're so popular.

Bonjour, I'm Aurélie!
Did you know France borders two bodies of water?
The Atlantic Ocean and the Mediterranean Sea!

This is why you can buy more than 200 varieties
of fresh fish at METRO in France! Bon appétit!

Privyét, I'm Alexei and I come from Russia.
The two METRO stores located the furthest apart in Russia
are 5,200 kilometres from one another.

Even so, there are 89 METRO stores here in total, spread
across 50 different regions! We love regional cuisine such
as frozen fish and, of course, pelmeni, which are dumplings
filled with meat. See you soon!

Thanks for joining me on this trip!
I'll see you again soon!
Love, Mia
